Verse 1

This story of struggle
This season of doubting
It Soon will be over
My God is on His way

Even in weakness
My faith will be stronger
There will be breakthrough
My God is on His way

Chorus

My God is laying fertile Ground, In Him I know my hope is found
I will be strengthened by this trial, I know He's laying fertile ground

And He won't stop now

Verse 2

In all of my waiting, I'm choosing to trust Him
It's all in his timing, my God is on His way
This pain that I'm feeling, is not to be wasted
And there will be healing, these scars are proof of change
