INTRO

VERSE

Here in the silence
Away from the chaos
Trying to make sense
Of where I went wrong

VERSE 2

I've tried everything that
The world has to offer
But it never adds up
Nothing compares, to Your unending love

CHORUS

I want you Jesus
I just want you Jesus
To be the center of my life, the Place I fix my eyes
Here's my heart, I'm surrendered to you

VERSE 3

Here at Your feet Lord
Fully devoted
To trust and to follow
Everything that You call me to be

INST

BRIDGE 1

Spirit come and take hold of every fear that I own
Let every breath that I have exist to worship You
Spirit come and break down everything that I've crowned
I want You at the center To worship You now

Instrumental

CHORUS 2

I want you Jesus
I just want you Jesus
To be the center of my life, The place to fix my eyes
Here's my heart, I'm surrendered to you
