INTRO

VERSE 1

God here I am
Waiting in sorrow
May not be better by tomorrow
But I know you have good plans for me

VERSE 2

I'm trusting You Despite my denial, I'll persevere Facing the trial
Cuz I know there's nothing You can't do

CHORUS

I'm so grateful, God, You're able
To bring beauty from pain, You're there along the way
You've been faithful (I'm so grateful)

TURNAROUND

VERSE 3

You made a way, The cross makes me worthy, Called me by name, Your blood made me family
Not that I loved You, But You loved me first

BRIDGE

In the highs, In the lows
I'm grateful for it all Grateful for it all
When I'm weak You are strong, I'm grateful for it all Grateful for it all

BRIDGE 2

In the joy, In the pain
I'm grateful for it all, Grateful for it all
When it doesn't Go my way
I'm grateful for it all Grateful for it all
