VERSE 1

1/3

I was born a rebel

4

Fighting for a dream

1/3

But when I lost the battle

4

The walls came down on me

6^m

Then You stole my heart

5 4 5

And released me with a cause

VERSE 2

Out of my rebellion

A slave to tyranny

Began a revolution

To bring me to my knees

Found my life when I

Found the power to withdraw

CHORUS 1

4 1

So I let go and I let God

6^m 5

Be my vision, my strength, and song

4 1

Not my will, but Yours be done

6^m 5

I surrender my rebel heart

VERSE 3

It was in the darkness

You flamed the fire in me

Blazing with a purpose

For all the world to see

I can shine like the sun

With Your light even when night falls

BRIDGE 1

2^m

For You know the future

1/3

You have planned for me

4

Now will be much greater

5

Than my hopes and dreams

2^m

With my hands held high

1/3

And to my knees I fall

4

Here on earth and heaven

5

I surrender all

CHORUS 2

4 1

So I let go and I let God
