INTRO

VERSE 1
Show this broken heart
What it is to heal
Teach this shattered soul
What it is to feel

Still my mind through and through
Keep my eyes fixed on You

CHORUS
Take my worry
And make it worship
You are worthy
And Your love is perfect
With all I have
I will give my praise to You

VERSE 2
Fill this beating heart
With everything You love
Overflow my soul
With everything You've done

BRIDGE
You're using every weakness
You understand my pain
You give me hope unending
You gave me life again
You're using every weakness
You understand my pain
You give me hope unending
You gave me life again

CHORUS 2
Take my worry
And make it worship
You are worthy
And Your love is perfect
With all I have
I will give my praise to You
