INTRO

VERSE 1

A million stories, a crowd of faces
We carry burdens, we carry pain and
You may feel all alone

VERSE 2

In our mess is where He meets us, In our brokenness, He's redeemed us, You may feel all alone
remember you are welcome home

CHORUS 1

Turn your eyes to Jesus
Let your heart be healed
He has called us sons and daughters
His love for us is real

VERSE 3

He says you matter
That you're not worthless
He has written, your name in Heaven
So if you feel all alone
Remember you are welcome home

INTERLUDE

BRIDGE 1

With his arms open wide
Jesus is waiting for you, He's waiting for you
Endless grace undeserved, there's nothing we have to earn, we have to earn

CHORUS 2 (HITS)

Turn your eyes to Jesus
Let your heart be healed
He has called us sons and daughters
His love for us is real

BRIDGE 2

With his arms open wide
Jesus is waiting for you, He's waiting for you
Endless grace undeserved, there's nothing we have to earn, we have to earn
